SCM LOGISTICS SAL

CONNECTING THE WORLD

At SCM we have organized our business to meet the specific challenges of different industry sectors.

We have a wide range of solutions that can be specific to your business' particular needs.

Our aim is to optimize and improve your supply chain, helping you gain a competitive advantage

Our specialist teams apply their genuine expertise in your market to provide the most appropriate solutions for your business.

¹ Air freight

The Sky is the Limit

Working with carefully selected carriers, we operate with schedules on all the world's major routes so you can plan with certainty and become more efficient. We offer a range of highly flexible products and service which allow a choice of delivery speeds to best suit your requirements. We offer a complete range of Import-Export and cross-docking services tailored to each customer's requirements. In conjunction with our worldwide network of reliable agents we provide service to more than 300 destinations.

² Ocean freight

Trust the experts

With our broad product range we cover different equipment types and consolidation services to ensure your cargo reaches the right place, at the right time in a cost-efficient way. In order to deliver highest reliability, we have planned space protection from every major container port in the world.

³ Less than container load (LCL)

We will get it delivered

Operating our own in-house network we connect your Less-than-Container-Load (LCL) cargo to any place required around the world. Scheduled departures are managed from door to door to ensure your deadlines. We Managed from end-to-end with our own network experts ensures predictability in our Customer's supply chains, keeping deadlines, and promises towards the end Customer.

⁴ Buyers consolidation & purchase order management

The right kind of logistics

Provides customized buyers' and shippers' consolidation, so multiple orders can be bundled from various manufacturers in single or multi-country origin locations, and loaded into own dedicated Full Container Load (FCL) containers. As a result, the load factors are increased and your costs are reduced.

⁵ Temperature-Controlled loads (Refrigerated containers)

Your products in safe hand

Designed for temperature-controlled ocean freight from 0 °C to 20- °C life science shipments that require real-time visibility and active monitoring, where you trust that your products in safe hand.

⁶ RO-RO Vessel

Speedy & trusted shipping

Transportation solution for your products with bigger dimensions, This truck are designed to drive-in on the vessel and drive-out at destinations, where customers can benefit from bigger loading capacity, with lower cost to improve the cost per unit.

⁷ Road freight services

Safe handling

Road service is a necessary link from producers via carriers to the consumers

SCM employs an experienced and dedicated staff specialized in:

- Packaging and crating cargo for safer transport, including the handling of fine arts and fragile items
- Local Move
- International Move
- Corporate Relocation
- Residential Relocation
- Industrial Packing
- Commercial Packing

⁸ Customs Brokerage

Delivering happiness to you

Our Customs Brokerage team provide expertise across tariff and Customs laws, rules and regulations for the clearance of imported or exported goods, the preparation of import or export documents including computation and payment of duties, taxes and other charges.
